

# CERTIFICATE OF WARRANTY

At GreenStuf®, we are proud of our commitment to quality, and to the satisfaction of you – our customer. We have developed a warranty to affirm our commitment for the enduring quality and performance of our insulation products.

GreenStuf Industries Ltd is proud to provide a 50 Year Manufacturer’s Durability Warranty for all GreenStuf branded polyester thermal and acoustic insulation materials. The warranty covers material durability under normal environmental and use situations\*, when installed in accordance with the manufacturer’s installing instructions and NZ4246:2016 Energy Efficiency - Installing Insulation in Residential Buildings. That means your GreenStuf insulation will not settle or reduce its performance over time. With no nasty chemicals and no airborne-fibre health risk, GreenStuf products will also remain completely safe for you, your family and our environment.

GreenStuf products are proudly manufactured in New Zealand under strict ISO 9001, ISO 14001 and ISO 45001 certified Quality, Environmental and Health & Safety Management Systems. This ensures you receive products of exceptional quality and performance manufactured with care and consideration for our environment. GreenStuf is manufactured from 100% polyester fibres incorporating as much as 92% previously recycled polyester fibre (from PET plastic). GreenStuf views waste as a resource with potential, not something to be disposed of. With this in mind, all product trimmings and offcuts are reused, and waste material goes back through production to make more GreenStuf.
